

## Sprayers (Plastic)

- ▶ For use with acids, caustics or water base products

### A008 Power Sprayer with Full Function Nozzle 1500 mL (50 oz.)

- ▶ Plastic Pump-up compression sprayer with adjustable spray.
- ▶ 15 to 30 strokes for maximum pressure (higher the pressure finer the spray; may require more strokes for partially filled container).
- ▶ Full Function Nozzle has 4 output spray patterns: *MIST*; *FAN*; *FOAMER*; *JET*; *OFF* (Turn and Click). (Figure A)
- ▶ Also included, Adjustable Standard Nozzle Cap with Mist or Jet stream output. (Figure B)
- ▶ Use with *United's Water-Based Degreasers/Cleaners*.

### A037 One-Gallon Compression Sprayer

- ▶ Large 4-1/2 inch opening makes filling and clean-up safe and easy.
- ▶ Automatic pressure release valve.
- ▶ No-drip tip.
- ▶ 4 foot hose, 22 inch wand.
- ▶ Chemical resistant tanks, seals and hoses.

### A038 Foamaster Sprayer

- ▶ Attaches to an ordinary garden hose.
- ▶ Adjustable multi-ratio Wash Gun.
- ▶ Five Settings: 128:1, 64:1, 32:1, 20:1, 10:1.
- ▶ New 1/2 gallon-size container.
- ▶ The nozzle lets you adjust from water plus chemical to pure water, and from a jet stream to a thin mist.
- ▶ Sturdy brass and plastic construction resists breakage and chemical attack.
- ▶ The Foamaster works efficiently with a full bottle of **United 12 Reflecting Car Shampoo**, **United 612 FLEET-ZYME**, **United 727 WEATHER-ZYME** and other water dilutable products.
