What does a bear do in the woods? 
...It fights off pesky mosquitoes, flies and ticks that make it itch!

That is, until the bear uses...

PREVAIL™ is formulated with FRESH AIR™ Technology. The natural active ingredient of peppermint oil has long been known to provide numerous benefits, like: increasing alertness; uplifting mood; temporary relief of headaches and respiratory issues. Yet, it strongly repels insects.

PREVAIL™ safely and effectively repels flying, biting insects, like:
- Mosquitoes
- Biting Flies
- Chiggers
- Fleas
- Ticks

PREVAIL™:
- Safer in use than DEET insect repellents
- 25(b) Exempt Formula
- Earth Smart® Certified
- Harmless to all Mammals
- Does Not Harm the Environment
- Can Sprays Right-side Up and Upside Down

Use PREVAIL™ to win the battle against the bite and itch of those flying, biting insects.
