1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier
Product Name United 106 SILICONE LUBRICANT

Other means of identification
SDS# UNITED 106

Recommended use of the chemical
And restrictions on use
Recommended use Food Grade Multi-Purpose Dry Spray
Uses Advised Against For industrial and institutional use only.

Details of the supplier of the safety data sheet
Company Name United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com

Emergency telephone number
Emergency Telephone 800-323-2594 (to reorder)
INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Classification
OSHA Regulatory Status
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Danger

Emergency Overview

Hazard statements
Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes skin and serious eye irritation. May cause drowsiness or dizziness. May be fatal if swallowed and enter airways. This product contains the following percentage of chemicals of unknown toxicity: 0%.
Appearance Clear Physical state Aerosol Odor Alcohol

Prevention
Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not puncture or burn, even after use. Protect from sunlight. Wash hands thoroughly after handling. Wear protective gloves and eye protection.

Response
Wash hands thoroughly after handling. Wear protective gloves and eye protection. If on skin: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. Avoid breathing fumes, mist, vapors and spray. If inhaled: Remove person to fresh air and keep comfortable for breathing. Use only outdoors or in a well-ventilated area. If swallowed: Immediately call a poison control center or physician. Do not induce vomiting.

Storage
Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place.

Disposal
Dispose of contents/container in accordance with local/state/national regulations.

Hazard(s) not otherwise classified (HNOC)
Not applicable.

</tbody>
</table>

*The exact percentage (concentration) of composition has been withheld as a trade secret.

### 4. FIRST AID MEASURES

**Skin Contact**
Immediately wash with plenty of water, for 15 minutes. Remove contaminated clothing and shoes immediately. Seek medical attention if irritation develops.

**Eye contact**
Rinse cautiously with water several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

**Inhalation**
Remove individual to fresh air and keep comfortable for breathing. Call poison control or physician if you feel unwell.

**Ingestion**
Rinse mouth. Do not induce vomiting. Get medical advice.

**Most important symptoms and effects, both acute and delayed**
Eyes: tearing, redness and blurred vision. If inhaled is may cause drowsiness and dizziness. If ingested, it may cause abdominal irritation, nausea, vomiting and diarrhea. Dermatitis and defatting may occur with skin.
**Indication of any immediate medical attention and special treatment needed**

If ingested, material may be aspirated into the lungs and may cause chemical pneumonitis. Treat symptomatically.

**5. FIRE-FIGHTING MEASURES**

**Suitable extinguishing media**
Carbon Dioxide and Dry Chemical.

**Unsuitable extinguishing media**
Water spray/stream

**Specific hazards arising from the chemical**
Keep away from heat/sparks/open flames/hot surfaces. Contents under pressure. Do not spray on an open flame or other ignition source. No smoking.

**Protective equipment and precautions for firefighters**
Firefighters must use standard protective equipment, with NIOSH self-contained breathing apparatus with a full face piece operated in a positive pressure demand mode with full body protective clothing when fighting fires. Avoid breathing smoke, fumes, and decomposition products. Cool fire exposed containers with water fog to prevent bursting.

**Hazardous Combustion Products**
Oxides of carbon.

**6. ACCIDENTAL RELEASE MEASURES**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions**
Keep unnecessary personnel away. Wear appropriate protective equipment. For personal protection, see Section 8 of the SDS.

**Methods and material for containment and cleaning up**

**Methods for containment and cleaning up**
Eliminate all sources of ignition. Absorb spill with non-combustible material, such as, vermiculite, sand or earth. Clean up with mop or rag.

**Waste disposal**
Dispose of contents in accordance with federal, state and local regulations. Do not dump in sewers. Wrap container and place in trash collection, do not puncture, incinerate, or reuse container.

**RCRA Status**
Waste likely considered D001 (Ignitable waste), under RCRA, however product should be fully characterized prior to disposal (40 CFR 261).

**7. HANDLING AND STORAGE**

**Precautions for safe handling**

**Advice on safe handling**
Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Store in a well ventilated place. Do not expose to temperatures exceeding 50°C/122°F. Keep out of reach of children.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions**
Store locked up. Pressurized container. Do not puncture, incinerate or crush. Do not expose to direct sunlight, exceeding 50°C/122°F. Store in well-ventilated area.

**Incompatible materials**
Strong alkalis, oxidizers, bases, reactive metals, and natural rubber.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Exposure Guidelines**
No Exposure limits noted for ingredient(s).

</tbody>
</table>

### Appropriate engineering controls

**Engineering Controls**

Use only outdoors or in well-ventilated area.

**Individual protection measures, such as personal protective equipment**

- **Eye/face protection**
  
  Wear safety glasses.

- **Skin and body protection**
  
  Wear chemical resistant gloves.

- **Respiratory protection**
  
  Wear a NIOSH/MSHA approved organic vapor respirator if listed exposure limits (Section 8) are exceeded.

**General Hygiene**

Always observe good personal hygiene measures, such as washing after handling the material.

### 10. STABILITY AND REACTIVITY

**Reactivity**

Certain plastics, rubber and strong oxidizers.
11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Inhalation  Causes dizziness or drowsiness. Excessive or prolonged exposure may cause unconsciousness.

Eye contact  Causes eye irritation. This could result in redness, tearing and blurred vision.

Skin Contact  Causes localized defatting, irritation and dermatitis.

Ingestion  Not a likely route of exposure under normal product handling conditions. May cause gastrointestinal irritation, nausea, diarrhea and vomiting.

Symptoms related to the physical, chemical and toxicological characteristics  Excessive exposure will aggravate pre-existing disorders of the skin, respiratory, liver, kidney, cardiovascular or pulmonary illness.

Information on toxicological effects

Acute toxicity  Harmful to eyes, causing redness, tearing and blurred vision. May cause abdominal irritation, nausea, vomiting and diarrhea, if swallowed. Dermatitis and defatting may occur to the skin. If inhaled causes dizziness and drowsiness.

</tbody>
</table>

Skin/Eye irritation  Causes localized defatting, irritation, dermatitis. Causes eye irritation, redness, tearing, pain, blurred vision.

Reproductive toxicity  No information available.

Carcinogenicity  This product is not considered to be a carcinogen by IARC, OSHA, ACGIH and NTP.

Aspiration hazard  No information available.

Chronic effects  None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity  No information available.
Persistence and degradability
Component or components of this product are not biodegradable.

Bioaccumulation
This product is not expected to bioaccumulate.

Soil Mobility
This product is mobile in soil.

Other adverse effects
This product is toxic to aquatic life.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal of wastes
Disposal should be in accordance with applicable federal, state and local regulations. Do not dump in sewers. Wrap container and place in trash collection, do not puncture, incinerate or reuse container.

US RCRA Status
Waste likely considered D001 (Ignitable waste), under RCRA, however product should be fully characterized prior to disposal (40 CFR 261).

Waste from residues/unused products
Dispose in accordance with local, federal and state regulations.

14. TRANSPORT INFORMATION

This product meets the exception requirements of Section 173.306 as a limited quantity and may be shipped as a limited quantity. Until 12/31/2020, the “Consumer Commodity-ORM-D” marking may still be used in place of the new limited quantity diamond mark for packages of UN 1950 Aerosols. Limited quantities require the limited quantity diamond mark on cartons after 12/31/2020 and may be used now in place of the “Consumer Commodity ORM-D” marking and both may be displayed concurrently.

15. REGULATORY INFORMATION

Legend:
TSCA - United States Toxic Substances Control Act Section 8(b) Inventory - Yes*
United 106 Silicone Lubricant

*S A Yes indicates that all components of this product comply with the inventory requirements administered by the governing county(s). A No indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing county(s).

**US Federal Regulations**

**SARA 311/312**

Acute Health, Fire.

**Superfund Amendments and Reauthorization Act of 1986**

- **Acute health hazard**: Yes
- **Delayed hazard**: No
- **Fire hazard**: Yes
- **Sudden release of pressure hazard**: No
- **Reactive Hazard**: No

**SARA 313 (TRI reporting)**

None.

**CERCLA**

This material, as supplied, does contain a substance regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). Acetone (67-64-1) Reportable Quantity = 5000 lbs.
