1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier
Product Name United 268 FRONT LINE F.O.G. Control

Other means of identification
SDS# UNITED 268

Recommended use of the chemical
And restrictions on use
Recommended use F.O.G. Control
Uses Advised Against For industrial and institutional use only.

Details of the supplier of the safety data sheet
Company Name United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency telephone number
Emergency Telephone 800-323-2594 (to reorder)
INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Classification
OSHA Regulatory Status Contains small amounts of chemicals that are hazardous to health and the environment but in quantities too small to constitute any practical risks to health or the environment.

Acute Toxicity – Oral Category 4

Label elements
Warning

Hazard statements
Harmful if swallowed.

Appearance Blue Solid Physical state White compact cup Odor Fresh scent
Prevention
Keep out of reach of children. Wash hands thoroughly after handling. Wear suitable gloves.

Response
If in on skin: Wash with plenty of water. If rash occurs, seek medical attention. If swallowed: Call a physician. Get medical advice/attention. For specific treatment please see Section 4 of this SDS.

Storage
Store in well-ventilated area.

Disposal
Dispose of contents/container in accordance with local/regional/national/international regulations.

Hazard(s) not otherwise classified (HNOC)
None known.

3. COMPOSITION/INFORMATION ON INGREDIENTS

*Compact cup that sits in the toilet bowl tank and cleans for up to 900 flushes.
*The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

First aid measures

Skin Contact
Wash off with soap and water.

Eye contact
Possibility of eye contact limited. In the event, wash thoroughly with water or approved eyewash.

Inhalation
No acute effects expected. If person is feeling unwell, remove to fresh air.

Ingestion
Possibility of ingestion limited due to product form and difficulty to chew and ingest. In the event of ingestion, rinse mouth thoroughly with water.

Most important symptoms and effects, both acute and delayed
No specific acute effects or symptoms are known.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Use extinguishing measures that are appropriate for the surrounding fire. Water spray, fog or mist. Dry chemicals, sand, etc.

Unsuitable extinguishing media
No information available.

Specific hazards arising from the chemical
Thermal decomposition or burning may release a variety of products ranging from simple hydrocarbons to toxic/irritating gases including carbon monoxide and carbon dioxide.
Protective equipment and precautions for firefighters
Full protective clothing should be worn before a confined space is entered. Self-contained breathing apparatus should be worn.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions
Normal good-housekeeping practices. No special requirements for accidental release required.

Environmental precautions
See Section 12 for additional ecological information.

Methods and material for containment and cleaning up

Methods for containment and clean up
No special requirements for accidental release required.

Waste Disposal
Dispose of in accordance with local, state and federal regulations.

7. HANDLING AND STORAGE

Precautions for safe handling
Handle in accordance with good industrial hygiene and safety practice. Keep away from direct flames.

Conditions for safe storage, including any incompatibilities

Storage Conditions
Keep in cool, dry conditions in original containers at no more than 30°C.

Incompatible materials
None known.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines
No information available.

Appropriate engineering controls

Engineering Controls
Not normally required.

Individual protection measures, such as personal protective equipment

Eye/face protection
Recommend safety glasses if splashing is possible.

Skin and body protection
Although unexpected, rubber gloves are recommended.

Respiratory protection
None required under normal usage.

General Hygiene
Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

<table>
<thead>
<tr>

</tbody>
</table>
Specific Gravity: No information available.
Percent volatile: No information available.
Viscosity: No information available.
Melting point/freezing point: Estimated 60°C
Flash point: No information available.
Boiling point and Boiling range: No information available.
Evaporation rate: No information available.
Flammability (solid, gas): No information available.
Upper flammability limit: No information available.
Lower flammability limit: No information available.
Vapor pressure: No information available.
Vapor density: No information available.
Water solubility: Insoluble.
Partition coefficient: No information available.
Auto-ignition temperature: No information available.
Decomposition temperature: No information available.
VOC (weight %): None.

10. STABILITY AND REACTIVITY

Reactivity
No information available.

Chemical stability
Stable at normal recommended conditions.

Possibility of Hazardous Reactions
None under normal processing.

Conditions to avoid
Extremes of temperature and naked flames.

Incompatibility:
Strong oxidizing agents.

Hazardous Decomposition Products
None known under normal storage conditions.

11. TOXICOLOGICAL INFORMATION

Product Information

Inhalation
Prolonged exposure to volatile ingredients is unlikely to cause irritation or other adverse health effects.

Eye contact
No practical risk of adverse health effects.

Skin Contact
No practical risk of adverse health effects.

Ingestion
No practical risk of adverse health effects.

Information on toxicological effects

Acute toxicity
Ingredients include a small quantity of volatile fragrances chemicals which may contain small amounts of substances that are harmful if swallowed and/or irritation to the eyes and skin.

Skin Sensitization
No information available.
Carcinogenicity
No information available.

Chronic effects
No information available.

STOT – single exposure
No information available.

STOT – repeated exposure
No information available.

Aspiration hazard
No information available.

12. ECOLOGICAL INFORMATION
No specific information has been established regarding the product. However according to the conventional method of Directive 99/45/EC the product is classified as harmful to aquatic organisms, or causing long-term effects in the aquatic environment.

Ecotoxicity
No information available.

Persistence and degradability
No information available.

Bioaccumulation
No information available.

Other adverse effects
No information available.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal of wastes
Disposal should be in accordance with applicable regional, national and local laws and regulations.

Waste from residues/unused products
Dispose in accordance with local, state and federal regulations. (See disposal instructions).

14. TRANSPORT INFORMATION
The basic description below is specific to the container size. This information is provided for at a glance DOT information. Please refer to the container and/or shipping papers for the appropriate shipping description before tendering this material for shipment. For additional information, please contact the distributor listed in Section 1 of the SDS.

DOT
Not Regulated

IMDG
Not Regulated.

IATA
Not Regulated.

Marine Pollutant
No information available.

15. REGULATORY INFORMATION

International Inventories

Legend:
TSCA - United States Toxic Substances Control Act Section 8(b) Inventory-Yes* - Complies
DSL/NDSL – Yes - Complies
*A Yes indicates that all components of this product comply with the inventory requirements administered by the governing county(s). A No indicates that one or more components of the product are no listed or exempt from listing on the inventory administered by the governing country(s).

US Federal Regulations
This product is not a “Hazardous Chemical” as defined by the OSHA Hazard Communication Standard, 29 CFR 1910, 1200.
Superfund Amendments and Reauthorization Act of 1986

- Acute health hazard: No
- Delayed hazard: No
- Fire hazard: No
- Sudden release of pressure hazard: No
- Reactive Hazard: No

SARA 313 (TRI reporting)
None.

SARA 302
None.

SARA 311/312
None.

US State Regulations

California Proposition 65
This product does not contain a chemical known to the State of California to cause birth defects and other reproductive harm.

CERCLA
This material, as supplied, does not contain a substance regulated as a hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).
