Not determined.

**Specific Hazards Arising from the Chemical**
Heated containers may rupture violently from the excessive heat of a fire.

**Hazardous Combustion Products**
When strongly heated, as in a fire, this product may produce oxides of carbon.
Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions
Use personal protective equipment as required.

Methods and material for containment and cleaning up

Methods for Containment
Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up
Small spills: Soak up with an inert absorbent and place in designated disposal container. Wash area thoroughly. Large spills: Remove all sources of ignition and ventilate area. Dike the spill and pick up the bulk of the liquid using pumps or absorb the liquid in sand or a commercial absorbent and place in designated disposal container.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling
Keep away from heat/sparks/open flames/hot surfaces. — No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion proof equipment. Use only non-sparking tools. Take precautionary measures against static discharges. Do not mix with other chemicals or cleaners. Protect eyes, skin and clothing from contact with this material. Wear recommended protective equipment. Wash face, hands, and any exposed skin thoroughly after handling.

Conditions for safe storage, including any incompatibilities

Storage Conditions
Keep in a properly labeled, tightly closed container and store in a cool, dry well-ventilated area. Store away from sources of ignition. Do not let containers freeze as they may split or rupture. Store away from incompatible materials.

Incompatible Materials
Keep away from oxidizers, strong alkalis and sources of ignition.
