1. PRODUCT AND COMPANY IDENTIFICATION

Product Identifier
Product Name United 317 Cooling Tower Anti-Freeze

Other means of identification
SDS # UNITED-317

Recommended use of the chemical and restrictions on use
Recommended Use Cooling System Anti-Freeze

Details of the supplier of the safety data sheet
Supplier Address
United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency Telephone Number
Company Phone Number 800-323-2594 (to reorder)
Emergency Telephone (24 hr) INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Appearance Clear-colorless
Physical State Liquid
Odor Nearly odorless

Classification
This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

Label elements
Signal Word None
Hazard statements None

3. COMPOSITION/INFORMATION ON INGREDIENTS

The product contains no substances which, at their given concentration, are considered to be hazardous to health. However, additional component information is available in subsequent sections of this SDS.

4. FIRST-AID MEASURES

First Aid Measures
Eye Contact Immediately flush eyes with water. Flush eyes with water for a minimum of 15 minutes, occasionally lifting and lowering upper eyelids. Get medical attention promptly.
Skin Contact  Remove contaminated clothing. Wash skin with soap and water. Get medical attention. Wash separately and clean shoes before reuse.

Inhalation  Rescuers should put on appropriate protective gear. Remove from area of exposure. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Keep victim warm. Get immediate medical attention.

Ingestion  If swallowed, do NOT induce vomiting. Give victim a glass of water. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media  Carbon Dioxide, Dry Chemical, Foam and Water Fog.

Unsuitable Extinguishing Media  Not determined

Specific Hazards Arising from the Chemical  Can form explosive mixtures at temperatures at or above the flashpoint. Vapors/dust may cause flash fire or explosion. Empty containers retain product residue (liquid and/or vapor) and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, static electricity, or other sources of ignition. Also, do not reuse container without commercial cleaning or reconditioning.

Protective equipment and precautions for firefighters  As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Avoid use of solid water streams. Water sprays to cool containers or protect personnel. Use with caution. Water runoff can cause environmental damage. Dike and collect water used to fight fire. Small fires: dry chemical, carbon dioxide, water spray or alcohol-resistant foam. Large fires: water spray, water fog, and alcohol-resistant foam.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions  Wear appropriate personal protective equipment as required.

Methods and material for containment and cleaning up

Methods for Containment  Eliminate all ignition sources. Prevent additional discharge of material if able to do so safely. Do not touch or walk through spilled material. Avoid runoff into storm sewers and ditches which lead to waterways.

Methods for Clean-Up  Absorb spill with inert material (e.g. dry sand or earth), then place in a chemical waste container.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling  Use only in a well ventilated area. Avoid breathing vapor, fumes or mist. Avoid contact with eyes, skin and clothing. Follow all SDS label precautions even after containers are emptied because they may retain product residue.

Conditions for safe storage, including any incompatibilities

Storage Conditions  Keep away from heat, sparks, and flame. Store containers in a cool, well ventilated place. Keep container closed when not in use.
8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines
This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Appropriate engineering controls
Engineering Controls No information available.

Individual protection measures, such as personal protective equipment

Eye/Face Protection Use chemical splash goggles and face shield. (ANSI Z87.1 or approved equivalent).

Skin and Body Protection Wear impervious gloves to prevent contact with the skin. Wear protective gear as needed – suit, boots, apron.

Respiratory Protection A respiratory protection program that meets OSHA 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant the use of a respirator.

Other protective equipment Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.

General Hygiene Considerations Wash thoroughly after handling. Wash hands before eating. Remove contaminated clothing and wash before reuse. Avoid breathing vapors. Do not eat, drink, or smoke in areas where this material is used.

10. STABILITY AND REACTIVITY

Reactivity
Possibility of Hazardous Reactions
Under normal conditions of storage and use, hazardous polymerization will not occur.

Conditions to Avoid
Avoid excess heat and sources of ignition.

Incompatible Materials
Prevent contact with isocyanates. Keep away from acids.

Hazardous Decomposition Products
Toxic gases/fumes are given off during burning or thermal decomposition. During combustion carbon dioxide may be formed. During combustion carbon monoxide may be formed.

Hazardous Polymerization
No information available.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information – Effects

Eye Contact
Contact with eye may cause mild irritation.

Skin Contact
Low order of toxicity.

Inhalation
May be irritating to the respiratory system. May cause dizziness and drowsiness.

Ingestion
Ingestion may cause gastrointestinal tract irritation. May cause central nervous system depression.

Information on physical, chemical and toxicological effects

Symptoms
Please see section 4 of this SDS for symptoms.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

No information available.

Acute Toxicity
No information available.

12. ECOLOGICAL INFORMATION

Ecotoxicity
No information available.

Persistence/Degradability
No information available.

Bioaccumulation
No information available

Mobility
No information available.

13. DISPOSAL CONSIDERATIONS
Waste Treatment Methods

Disposal of Wastes
Disposal should be in accordance with applicable regional, national and local laws and regulations.

If released or spilled
Wear appropriate personal protective equipment. (See Section 8). Eliminate all ignition sources. Prevent additional discharge of material if able to do so safely. Do not touch or walk through spilled material. Avoid runoff into storm sewers and ditches which lead to waterways. Absorb spill with inert material (e.g. dry sand or earth), then place in a chemical waste container.

DOT
Not regulated

IATA
Not regulated

IMDG
Not regulated

15. REGULATORY INFORMATION

US Federal Regulations

TSCA
No components exist in this product.

CERCLA
This product has been reviewed according to the EPA “Hazard Categories” promulgated under Sections 311 and 312 of the Superfund Amendments and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to meet the following categories: None Known

SARA SECTION 313:
This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendment and Reauthorization Act of 1986 and 40 CFR parts 372: No Sara 313 components exist in this product.

US State Regulations

U.S. State Right-to-Know Regulations
The following material is non-hazardous, but is among the top five components in this product.
