1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier
Product Name United 336 CYCLE SMART™ BIOCIDE

Other means of identification
SDS# UNITED – 336

Recommended use of the chemical and restrictions on use
Recommended use Cycle Smart™ Biocide Industrial Water Treatment
Uses Advised Against For industrial and institutional use only.

Details of the supplier of the safety data sheet
Company Name United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency telephone number
Company Phone Number 800-323-2594 (to reorder)
Emergency Telephone INFOTRAC 1-800-535-5053
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Classification
Pesticide: EPA SIGNAL WORD: DANGER. EPA Registration No. 83451-16-9250

OSHA Regulatory Status
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

<table>

Label elements

Danger

Hazard statement
Causes severe skin burns and eye damage. Fatal if swallowed. Toxic to aquatic life with long lasting effects.
Appearance  Colorless Liquid  Physical state  Liquid  Odor  Slight Odor

Precautionary Statements

Prevention
Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
Wash thoroughly after handling.
Wear eye protection, protective clothing and protective gloves.

Response
If swallowed: Rinse mouth thoroughly. Do not induce vomiting. Get medical attention.
If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower and soap for several minutes.
If inhaled: Remove person to fresh air and keep comfortable for breathing. For breathing difficulties oxygen may be necessary.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If exposed or concerned: Get medical advice/attention. Immediately call a doctor, a poison center. Wash contaminated clothing before reuse.

Storage
Store locked up.

Disposal
Dispose of contents/container to comply with local/regional/national/international regulations.

Hazards not otherwise classified (HNOC)  None.
Other Information  None.

3. COMPOSITION/INFORMATION ON INGREDIENTS

<table>
<thead>
<tr>

*The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

First aid measures

General information  If you feel unwell, seek medical advice (show the label where possible).

Skin Contact  Remove victim immediately from source of exposure. Immediately remove contaminated clothing. Wash skin thoroughly with soap and water for several minutes. Get medical attention if any discomfort continues.

Eye contact  Remove victim immediately from source of exposure. Immediately flush with plenty of water for up to 15 minutes. Remove any contact lenses and open eyes wide apart. Get medical attention promptly if symptoms occur after washing.
Inhalation  
Remove victim immediately of exposure. Provide rest, warmth and fresh air. For breathing difficulties oxygen may be necessary. Get medical attention if any discomfort continues.

Ingestion  
NEVER make an unconscious person vomit or drink fluids. Do not induce vomiting. If vomiting occurs, the head should be kept low so the stomach vomit doesn’t enter the lungs. Rinse mouth thoroughly. Get medical attention if any discomfort continues.

**Most important symptoms and effects, both acute and delayed**

**Inhalation**  
Severe irritation in nose and throat. Congestion of the lungs may occur producing severe shortness of breath.

**Skin contact**  
Chemical burns.

**Eye contact**  
May cause blurred vision and serious eye damage.

**Ingestion**  
May cause chemical burns in mouth and throat. May cause stomach pain or vomiting.

**Indication of any immediate medical attention and special treatment needed**

**Note to physicians**  
Probable mucosal damage may contraindicate the use of gastric lavage.

### 5. FIRE-FIGHTING MEASURES

**Suitable extinguishing media**

**Specific hazards arising from the chemical**

**Protective equipment / advice and precautions for firefighters**
Move container from fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out. Keep run-off water out of sewers and water sources. Dike for water control. Leave danger zone immediately. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures**
Follow precautions for safe handling described in this SDS. For personal protection, see Section 8.

**Environmental precautions**
Avoid release to the environment. To prevent release, place container with damaged side up.

**Methods and material for containment and cleaning up**

**Methods for containment and cleaning up**
Should be prevented from entering in drains. Absorb in vermiculite, dry sand or earth and place into containers. Collect and reclaim or dispose in sealed containers in licensed waste. Containers with collected spillage must be properly labelled with correct contents and hazard symbol.

**Waste disposal**
Dispose of container in accordance with local, state and federal laws.

### 7. HANDLING AND STORAGE

**Precautions for safe handling**
Advice on safe handling

Comply with the legal requirements. Avoid spilling, skin and eye contact. Avoid inhalation of vapors and spray mists. Observe good chemical hygiene practices.

Hygiene measures

Wash thoroughly after handling. Wash contaminated clothing before reuse. Avoid contact with skin, eyes or clothing.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Store in tightly closed original container in a dry, cool and well-ventilated place. Protect from freezing and direct sunlight. Keep separate from food, feedstuffs, fertilizers and other sensitive material. Store separated from: Alkalis. Reducing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines

No exposure guidelines noted for ingredient(s).

Engineering Controls

Observe Occupational Exposure Limits and minimize the risk of inhalation of vapors. Provide adequate ventilation.

Individual protection measures, such as personal protective equipment

Eye/Face Protection

Wear protective eye wear (goggles or face mask). Use face shield in case of splash risk.

Skin/Body Protection

When handling the product to prevent skin contact by splashing, wear rubber apron. Wash promptly if skin becomes contaminated. Promptly remove clothing that becomes contaminated. Use protective gloves made of: selection of suitable gloves depends on work conditions and whether the product is present on its own or in combination with other substances. Neoprene, nitrile, polyethylene or PVC. Frequent change of gloves, as liquid may penetrate the gloves.

Respiratory Protection

In case of inadequate ventilation use suitable respirator. If exposure to spray, mist or vapors, if possible wear respirator face mask with appropriate cartridge. A respiratory protection program that meets OSHA 1910.134 and ANZI Z88.2 requirements must be followed whenever work place conditions warrant a respirator’s use.

10. STABILITY AND REACTIVITY

Reactivity
No specific reactivity hazards associated with this product.

Chemical stability
Stable under recommended storage conditions and recommended use.

Possibility of Hazardous Reactions
Will not polymerise.

Conditions to avoid
Avoid excessive heat for prolonged periods of time.

Incompatible materials
Strong alkalis. Strong reduction agents

Hazardous Decomposition Products

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Skin corrosion/irritation
Causes skin burns.

Serious eye damage/irritation
Causes eye burns.

Respiratory or skin sensitization
Not a skin sensitizer.

Germ cell mutagenicity
In Vitro – Ames test, negative.

Carcinogenicity
No information available.

Reproductive toxicity
No information available.

STOT - single exposure
No information available.

STOT - repeated exposure
No information available.

Aspiration hazard
No information available.

12. ECOLOGICAL INFORMATION

Ecotoxicity
This product contains a substance which is toxic to aquatic organisms and which may cause long term adverse effect in the aquatic environment.

Persistence and degradability
This product is biodegradable, but it must not be discharged into drains without permission from the authorities.

Bioaccumulation
This product does not contain any substances expected to be bio-accumulating.
Partition coefficient
No information available.

Mobility
This product is miscible with water. May spread in water systems.

Other adverse effects
No information available.

### 13. DISPOSAL CONSIDERATIONS

#### Waste treatment methods

**Disposal of wastes**
When handling waste, consideration should be made to the safety precautions applying to handling of this product. Triple rinse drums prior to recycling or disposal.

**Waste treatment methods**
Absorb in vermiculite or dry sand and dispose of at a licensed hazardous waste collection point. Liquid material should be incinerated. Material absorbed onto sand or earth should be disposed of as solid waste in accordance with local regulations. Empty packaging may contain product residues and due consideration should be given prior to disposal.

### 15. REGULATORY INFORMATION

**International Inventories**
Australia, Korea, China, Philippines – Tributyltetradecyl Phosphonium Chloride listed.

**Legend:**
- TSCA - United States Toxic Substances Control Act Section 8(b) Inventory-None listed
- DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List-Tributyltetradecyl Phosphonium Chloride

**US Federal Regulations**
- SARA 302 Extremely Hazardous Substances Tier II Threshold Planning Quantities
  No ingredients listed.
SARA 313 Emission Reporting
This product does not contain toxic chemical subject to the reporting requirements of Section 313 of Title III of the Superfund Amendment and Reauthorization Act of 1986 and 40 CFR Part 372. EPA Registration Number 279-3139.

CERCLA Hazardous Substance List
None of the ingredients are listed.

CAA (Clean Air Act) Section 112(r) Accidental Release Prevention
None of the ingredients are listed.

FDA Essential Chemical
None of the ingredients listed.

FDA Precursor Chemical
None of the ingredient listed.

US State Regulations

California Proposition 65
This product does not contain chemicals considered by the State of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 as causing cancer or reproductive toxicity and for which warnings are now required.

16. OTHER INFORMATION

Training advice: Normal use of this product shall imply use in accordance with the instructions on the packaging.
