1. IDENTIFICATION

Product Identifier
Product Name United 477 BEST SHOT

Other means of identification
SDS # UNITED 477

Recommended use of the chemical and restrictions on use
Recommended Use One Dose Drain Opener With Odor Suppressor
Uses Advised Against For industrial and institutional use only.

Details of the supplier of the safety data sheet
Supplier Address United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency Telephone Number
Company Phone Number 800-323-2594 (to reorder)
Emergency Telephone (24 hr) INFOTRAC 1-352-323-3500 (International)
1-800-535-5053 (North America)

2. HAZARDS IDENTIFICATION

Classification

<table>
<thead>
<tr>
<th>Hazard Class</th>
<th>Category</th>
</tr>
</thead>
<tbody>
<tr>
<td>Skin Corrosion</td>
<td>Category 1A</td>
</tr>
<tr>
<td>Serious eye damage</td>
<td>Category 1</td>
</tr>
<tr>
<td>Flammable Liquid</td>
<td>Category 3</td>
</tr>
</tbody>
</table>

Label elements

Signal word DANGER

Hazard statements
Flammable liquid.
Harmful if swallowed.
Causes severe skin burns and eye damages.
May cause cancer.
Appearance  Two Phases: Upper layer clear water-white liquid, lower layer dark liquid
Physical State  Liquid
Odor  Aromatic

Emergency Overview

Precautionary Statements - Prevention
Do not handle until all safety precautions have been read and understood. Keep away from heat, sparks, open flames or hot surfaces. Wear protective gloves/protective clothing/ eye protection/ face protection. Do not breathe vapors or mist. Wash face, hands and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using product.

Precautionary Statements - Response
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing, IF ON SKIN (or hair): Rinse skin with water/shower. Take off immediately all contaminated clothing. IF SWALLOWED: Call a POISON CENTER or doctor.

Precautionary Statements - Disposal
Dispose of contents/container to an approved waste disposal plant.

Precautionary Statements - Storage
Store according to local rules and regulations.

Hazards not otherwise classified (HNOC)
None known

Other Information
None known

4. FIRST-AID MEASURES

First Aid Measures

Eye Contact: Immediately flush eyes with cool running water for a minimum of 15 minutes. Check for and remove contact lenses. Hold eyelids away from eye while continuing to flush with water. Get medical help immediately.

Skin Contact: Immediately flush skin with running water for a minimum of 20 minutes. Start flushing while removing contaminated clothing and shoes. If burning or irritation persists, then continue to flush with water and get medical help. Do not apply any ointments to affected skin unless directed by a physician. Discard heavily contaminated clothing and shoes. Otherwise launder clothes in a separate wash before reuse.

Inhalation: Move victim to fresh air. Give artificial respiration ONLY if breathing has stopped. If breathing is difficult, give oxygen and get medical help immediately.

Ingestion: DO NOT INDUCE VOMITING. If victim is alert and not convulsing, rinse mouth with water and give 1/2 to 1 glass of water to dilute material. If spontaneous vomiting occurs, have victim lean forward with head down to avoid breathing in of vomitus IMMEDIATELY contact physician or poison control center.

5. FIRE-FIGHTING MEASURES

Flammability of Product
The acid portion if this product is not flammable. The odor blanket portion of this product is classified as a class II combustible liquid.

Specific Hazards Arising from the Chemical
If product is released it can react with metals which may liberate hydrogen gas. Hydrogen gas can form an explosive/flammable mixture if concentrated with air. Product reacts violently with water with the evolution of heat. Heated containers may fail, releasing acid and mineral spirits. Hot mineral spirits will produce vapors that support combustion. Avoid spreading burning liquid with water spray used for cooling containers.

Hazardous Combustion Products: Thermal decomposition products include sulfur oxides, nitrogen oxides.

Protective equipment and precautions for firefighters
Wear protective clothing and gear with self-contained breathing apparatus. Cool containers of product with water spray. Do not release runoff from fire to sewers or waterways.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures
**Personal Precautions**

Do not touch or walk through spilled material. Ventilate area. Wear appropriate respirator when ventilation is inadequate, and put on appropriate protective equipment before handling material.

**Environmental Precautions**

Local authorities should be advised if significant spillages cannot be contained. Absorb spill with an inert material and place into plastic waste container. Wash floors and other contaminated surfaces with a neutralizing solution (soda ash or lime). Rinse surfaces with fresh water. Ensure adequate decontamination of equipment following clean-up. Dispose of spill material and clean-up solutions according to all federal, state and local regulations.

---

**7. HANDLING AND STORAGE**

**Precautions for safe handling**

**Advice on Safe Handling**

Do not ingest. Do not get into eyes or on skin or clothing. Do not breathe fumes or vapor spray. Use only with adequate ventilation. Do not use or mix with other chemicals. Do not reuse the empty product container. Wash thoroughly after handling this product. Observe all of the label precautions.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions**

Keep container tightly closed. Keep containers or cases or cases of products in well-ventilated warehouse at storage temperatures between 40°F (4°C) and 100°F (38°C). Keep all food and drink away. Keep out of the reach of children

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Exposure Guidelines**

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>ACGIH TLV TWA: 0.2mg/m³</th>
<th>OSHA PEL TWA: 1mg/m³ 8h</th>
<th>NIOSH IDLH</th>
</tr>
</thead>
<tbody>

<td>100ppm</td>
<td>-</td>
</tr>
</tbody>
</table>

**Individual protection measures, such as personal protective equipment**

**Eye/Face Protection**

Chemical splash goggles or face shield is recommended when handling this product. Eye protection is advised even when handling a closed (capped) container.

**Skin and Body Protection**

Chemical resistant gloves, apron and sleeves are recommended when handling this product. Gloves, aprons, etc. are recommended even while handling closed containers.

**Respiratory Protection**

Provide exhaust ventilation to keep airborne concentrations of the vapor below the threshold limit value. If ventilation is inadequate, then operator should wear a NIOSH/MSHA approved air-purifying respirator equipped with an acid gas/fume mist cartridge vapor concentrations up to 10 mg/m³.

**General Hygiene Considerations**

Ensure that eyewash stations and safety showers are close to the work location. Wash hands, forearms and face thoroughly after handling this product, and before eating, smoking or using the lavatory.

### 10. STABILITY AND REACTIVITY

**Reactivity**
- Not applicable.

**Chemical Stability**
- Stable under recommended storage conditions.

**Possibility of Hazardous Reactions**
- None under normal processing.

**Conditions to Avoid**
- None known.

**Incompatible Materials**
- Product is reactive or incompatible with reducing agents/chemicals, organics, metals, and alkalies. Product reacts vigorously with water. Never pour water into the concentrated acid.

**Hazardous Decomposition Products**
- Sulfur oxide vapors (SO₂, SO₃) may be released when sulfuric acid decomposes.

### 11. TOXICOLOGICAL INFORMATION

</tbody>
</table>

### Information on likely routes of exposure

**Eye Contact**
Corrosive to eyes. Short term eye exposure may cause severe permanent injury or blindness.

**Skin Contact**
Corrosive to skin. Skin contact may cause skin inflammation, blistering, chemical burns.

**Inhalation**
Breathing vapors of mist from product mat produce severe irritation if the respiratory tract, characterized by coughing, choking or shortness of breath. Overexposure to mists or vapors may produce lung damage, unconsciousness or death.

**Ingestion**
Very hazardous if ingested. May be fatal if swallowed. May cause burns to mouth, throat and stomach.

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

**Carcinogenicity**
Inhalation of spray mists can cause cancer. Classified 1(proven to humans) by IARC - sulfuric acid mist.

**Chronic Health Effects**
Substance may be toxic to upper respiratory tract, skin, eyes and teeth. Repeated or prolonged exposure can produce chronic eye irritation, skin irritation and respiratory irritation (leading to frequent bronchial infections). Repeated exposure may cause a general deterioration of health by an accumulation in one or more organs.

### 12. ECOLOGICAL INFORMATION

**Ecotoxicity**
Not determined

**Persistence/Degradability**
Not determined

**Bioaccumulation**
Not determined

**Mobility**
Not determined

**Other Adverse Effects**
Not determined

### 13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods
Disposal of Wastes
The generation of waste should be avoided or minimized whenever possible. Dispose of non-recyclable waste material via a licensed waste disposal contractor. Disposal of this product or any resulting waste stream should comply with all federal, state and local environmental control regulations.

Contaminated Packaging
Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION

DOT
Proper Shipping Name: Sulfuric Acid
UN Number: UN1830
Packaging Group: II
Hazard Class: 8
IATA: Not determined
IMDG
Proper Shipping Name: Sulfuric Acid
UN Number: UN1830
Packaging Group: II
Hazard Class: 8

15. REGULATORY INFORMATION

U.S. Federal Regulations
U.S. Inventory TSCA: All components are listed or exempted.
SARA 305/304/311/312 Extremely Hazardous Substances: Sulfuric Acid
SARA 302/304 Emergency Planning and Notification: Sulfuric Acid
SARA 313 Form R Reporting Requirements: Sulfuric Acid
Clean Water Act (CWA) 311: Sulfuric Acid RQ – 1000lbs
Clean Air Act (CAA) 112 Regulated Toxic Substances: No products were found.

State Regulations
California Proposition 65
This product contains the following ingredients for which the State of California has found to cause cancer, birth defects or other reproductive harm, which would require a warning under the statute: Strong inorganic mists containing sulfuric acid.

16. OTHER INFORMATION
