1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier
Product Name United 912 BLUE GEM

Other means of identification
SDS# UNITED 912

Recommended use of the chemical
Recommended use Vehicle Wash and Wax
Uses Advised Against For institutional and industrial use only.

Details of the supplier of the safety data sheet
Company Name United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency telephone number
Emergency Telephone 800-323-2594 (to reorder)
INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Classification

OSHA Regulatory Status
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

<table>
<thead>
<tr>
<th>Serious eye irritation</th>
<th>Category 2B</th>
</tr>
</thead>
</table>

Label elements

Warning

Hazard statements
May cause eye irritation.
Prevention
Wear eye protection. Wash thoroughly after handling.

Response
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists, get medical attention.

Storage
Keep this product in a properly labeled, tightly closed container.

Disposal
Dispose of contents/container in accordance with local/regional/federal/international regulations.

Hazard(s) not otherwise classified (HNOC)
None known.

3. COMPOSITION/INFORMATION ON INGREDIENTS

*The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

First aid measures

Skin Contact
Flush contaminated skin with plenty of water. Get medical attention if symptoms occur. Wash clothing and shoes before reuse.

Eye contact
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician to check out.

Inhalation
Remove to fresh air. If irritation persists, call a poison center or doctor.

Ingestion
Rinse mouth with water. Do not induce vomiting. Call a doctor/physician immediately.

Most important symptoms and effects, both acute and delayed

Eyes: May cause eye irritation. Skin: No known effects. Inhalation: No known effects. Ingestion: May be irritation to mouth, throat and stomach.

Indication of any immediate medical attention and special treatment needed

Treat symptomatically. Contact poison center immediately if large quantities have been ingested or inhaled.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Use an extinguishing agent for the surrounding fire.

Unsuitable extinguishing media
None known.

Specific hazards arising from the chemical
None known.
Protective equipment and precautions for firefighters
Firefighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Specific Methods
Use standard firefighting procedures and consider the hazards of other involved materials. Wear appropriate personal protective equipment, such as safety glasses (goggles), gloves and protective clothing.

Hazardous Combustion Products
None known.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions
Keep unnecessary and unprotected personnel from entering. Avoid breathing mist or vapor. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate.

Environmental precautions
Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Small spills: Collet spillage with non-combustible absorbent material e.g. sand, earth, vermiculite and put in a container for disposal. This product may cause slippery conditions, rinse thoroughly. Large spills: Remove with a wet vac or scrub area with scrubber or floor machine if available. Contain spill and put in a container for disposal. This product may cause slippery conditions, rinse thoroughly.

Methods and material for containment and cleaning up

Methods for containment
Prevent further leakage or spillage if safe to do so. Move containers from spills area. Approach release form upwind. Prevent entry into sewers, water courses, basements or confined areas.

Methods for cleaning up
Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g., sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations.

Waste Disposal
Dispose of according to local, state, and federal rules and regulations.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling
Comply with legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Avoid breathing spray. Do not breathe spray. Obtain special instructions before use. Wash thoroughly after handling. Wash contaminated clothing before reuse.

Conditions for safe storage, including any incompatibilities

Storage Conditions
Store in accordance with local, regional, national rules and regulations. Store in original containers protected from sunlight in a dry, cool and well-ventilated area. Keep container tightly closed.

Incompatible materials
Strong oxidizing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION
Exposure Guidelines
No Exposure limits noted for ingredient(s).

Appropriate engineering controls
Good general ventilation should be sufficient to control worker exposure to airborne
Contaminants.

Environmental exposure
Emissions from ventilation or work process equipment should be checked to ensure they
Comply with the requirements of environmental protection legislation.

Individual protection measures, such as personal protective equipment

Eye/face protection
Safety glasses or chemical splash goggles are recommended when handling.

Skin and body protection
Chemical resistant gloves recommended only for prolonged or repeated exposure to the
concentrated product. Personal protective equipment for body should be selected based on
the task of being performed and the risks involved and should be approved by personnel
before handling this product.

Respiratory protection
Not required with adequate ventilation.

General Hygiene
Wash hands, forearms and face thoroughly after handling chemical products, before eating,
smoking. Wash contaminated clothing before reusing. Ensure that eyewash stations and
safety showers are close to the workstation location.

10. STABILITY AND REACTIVITY

Reactivity
Not reactive under normal conditions.
Chemical stability
Stable under normal conditions.

Possibility of Hazardous Reactions
Under normal conditions of storage and use, hazardous reactions will occur.

Conditions to avoid
No additional information available.

Incompatible materials
Strong oxidizing agents.

Hazardous Decomposition Products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure
Eyes, inhalation, ingestion and skin.

Product Information

Inhalation
No known significant effects.

Eye contact
May cause eye irritation.

Skin Contact
No known significant effects.

Ingestion
May be irritating to mouth, throat and stomach.

Symptoms related to the physical, chemical and toxicological characteristics
May cause eye irritation. May be irritating to mouth, throat and stomach.

Information on toxicological effects

Acute toxicity
No information available.

Skin/Eye irritation
May cause eye irritation.

Sensitization
This product is not expected to cause skin sensitization.

Germ cell mutagenicity
No information available.

Carcinogenicity
This product is not considered to be a carcinogen by IARC, OSHA, ACGIH and NTP.

Chronic health hazards
No information available.

Reproductive toxicity
No information available.

Aspiration hazard
No information available.

12. ECOLOGICAL INFORMATION

Ecotoxicity
No additional information available.

Persistence and degradability
No additional information available.

Bioaccumulation
No additional information available.

Soil Mobility
This product is mobile in soil. No additional information available.
Other ecological hazards
None known.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal Considerations
Dispose of in accordance with federal, state, and local regulations.

Waste from residues/unused Products
Disposal should be in accordance with local, state and federal regulations.

14. TRANSPORT INFORMATION

DOT
Not regulated.

IATA
Not regulated.

IMDG
Not regulated.

Environmental hazards
No.

15. REGULATORY INFORMATION

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory - Yes, listed or exempt
DSL/NDSL - Canadian Domestic Substances List - Yes Non-Domestic Substances List - No

US Federal Regulations

SARA 302 Extremely hazardous substances
None.

SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain a chemical which is subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

CERCLA Hazardous Substance List (40 CFR 302.4)
This material, as supplies, does not contain a substance regulated as a hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

California Proposition 65
This product does not contain substance known to the State of California to cause cancer and/or reproductive toxicity.
